

Quality Made for You

Custom Made PCs and Servers
Solutions • Storage • Components & Peripherals

Compucon is an IT solutions project partner, specialised in platform engineering, aided by strong alliances with leading technology manufacturers and a long history of building reliable, customised PCs and Servers. Compucon is a wholesale distributor.

Australian

Compucon Computers was established in Australia in 1990. Branches in Sydney, Melbourne, Brisbane and Adelaide all have computer assembly facilities, for rapid nationwide delivery of custom made PCs.

Global

Compucon New Zealand has a strong local reputation for well-engineered high performance servers and workstations. Further abroad, the Compucon group operates in 8 cities in Canada, China and Hong Kong.

Quality

Compucon has operated a Quality Management System certified to ISO standards since 1994. Technical review ensures Compucon products perform to specification.

Made for You

Compucon works closely with resellers to develop unique solutions for projects of all sizes, often partnering with specialist technical suppliers and engineers to seamlessly extend our total capability.

Quality

Quality Made

"... in 7 years we have never had cause to regret our choice in selecting Compucon as our preferred supplier of business computer systems."

Managing Director
**Technology
Concepts &
Creations**

"We have an installed base of hundreds of Compucon machines ... extremely reliable over the years as they have stood the test of time... we have found Compucon to be both professional and extremely responsive ... flexible enough to meet our special needs ... particularly fast response time in new system deliveries."

Technical Manager
Monash University Caulfield Campus

Made for You

for You

"...a retail service and support crew that understood the necessity of speed ... also had no quibbles ... For the first time in a long time I have encountered a supplier who has a no mess no fuss policy ... very impressed with both the speed and the professionalism that I have encountered in dealing with Compucon (especially in the support field...)"

Customer Service and Support Manager
Harvey Norman Indooroopilly

"The service and reliability of Compucon's supply is always at a high level ... minimising our downtime ... quick responses ... efficiently and within their specified time frame ... a reliable platform on which to build our Computing Applications."

Senior Technician
Murdoch University

Reliable

Compucon PCs and Servers are renowned in the Australian computer industry for their reliability. Compucon has become the computer brand of preference for many Resellers who report consistently excellent service over many years.

Flexible

Compucon Custom Made PCs and Servers are individually built to order, so we can include any quality approved combination of components.

Expandable

Compucon systems are designed for a long operating life, with capacity to add or exchange components to keep pace with changing technologies and applications.

Dependable

The components in Compucon systems come from dependable manufacturers, with world-class performance, features, quality and compatibility.

Guaranteed

Compucon offers extensive warranty options, including on-site servicing by a centrally managed, independent network of authorised technicians throughout Australia. Underwritten by insurance, the warranty remains effective regardless of the financial status of Compucon Computers or our service agents.
