

# **COMPUCON SYSTEM STANDARD WARRANTY**

Your computer system is an investment in your future. Thank you for choosing **COMPUCON – Quality Made for You.**

We take care in component selection and system assembly, but faults occasionally occur and we strive to offer an efficient repair service for the life of your computer. We undertake to provide certain repairs for free during the initial year of ownership. Although we aim at the best possible user experience, there are reasonable limits to the services that can be provided at no cost, as detailed below. *Your **Compucon Dealer** is a helpful service and support partner, and will assist with warranty claims. Please contact them first if repairs seem necessary.*

Your **COMPUCON SYSTEM** is guaranteed against defects in materials and/or workmanship, under normal use, subject to the details recorded in the **Compucon System Warranty Registration Form** and the **CONDITIONS** below, for a period of **12 months** from the Date of Purchase. If the system or any part thereof proves defective within this period, it will be repaired free of charge on the basis of a **Return-to-Base (“RTB”) Warranty** – the costs of delivering items to COMPUCON are payable by the purchaser, and repaired items will be returned at COMPUCON’s expense.
